Experience

LEGION PAPER — New York, NY
Marketing Intern — Sep 2026 – Current

- Create and organize digital marketing content and creative assets for social media, email marketing, campaigns, and brand communications across Instagram, Facebook, LinkedIn, and YouTube.
- Collaborate with the Chief Marketing Officer and Digital Marketing Manager on content planning, campaign execution, social media strategy, and brand storytelling, developing graphic, photo, and video assets aligned with Legion Paper's visual identity.
- Research and identify prospective artists, creators, and creative partners, supporting outreach and relationship-building while contributing creative ideas and cross-functional marketing initiatives with sales and business development teams.

VINSON & ELKINS — New York, NY
Graphic Design Intern — June 2026 – July 2026

- Contributed to the firm's enterprise-wide Brand Refresh Initiative by developing digital brand experiences, UI designs, and visual assets that strengthened consistency across internal communications, marketing materials, and web platforms.
- Designed the user interface for the firm's web-based Brand Guide, developing page layouts, navigation, information hierarchy, and reusable visual components to create a clear, accessible, and scalable digital experience aligned with firm-wide brand standards.
- Designed and refined branded templates, custom iconography, and digital assets while collaborating with senior designers and stakeholders to incorporate feedback, maintain visual consistency, and deliver production-ready work.

37889 STUDIO — New York, NY
Creative Intern — Feb 2026 – May 2026

- Designed client-facing presentations, user interfaces, digital experiences, branded content, and marketing assets supporting brand strategy, visual identity, and creative campaigns across studio and client projects.
- Assisted in multidisciplinary design projects by developing UI layouts, digital experiences, motion graphics, social media content, creative briefs, mood boards, and production-ready assets using Figma and industry-standard design workflows.
- Collaborated on branding and digital design initiatives for clients including OMI Health, contributing to UI/UX design, visual research, content creation, asset management, and creative direction across digital and print platforms.

AYOBA INC. — Seoul, South Korea
Video Content Motion Graphics Intern — June 2025 – Aug 2025

- Created motion graphics, edited and produced promotional videos, and designed visual assets that elevated branded content across digital marketing campaigns and client deliverables.
- Collaborated with cross-functional teams throughout the production lifecycle—from creative research and pre-production planning to filming and post-production—to deliver high-quality multimedia content.
- Researched industry trends, audience insights, and client objectives to inform creative direction and support the development of compelling visual campaigns and commercial content.
